**Application of Microsoft Excel in Financial Mathematics**

My education for the profession was at the Higher Pedagogical School in Tuzla, the major in mathematics and physics, where I gained the title of teacher of mathematics and physics. I started working on September 5, 1969 in the elementary school "25. May", Višća. As a teacher of mathematics, I worked in elementary schools for about 12 years. In 1983, I graduated from the Faculty of Pedagogy, major Mathematics with Physics, in Rijeka, and worked as a professor of mathematics at the Chemical Technology School in Tuzla for about 12 years. From 1995 to retirement in 2012 I worked at the Economic School in Tuzla as a professor of mathematics. At the Economic School in Tuzla, I have studied the application of mathematics in economics. In 2006, together with Master of Economic Sciences Akif Delic, I wrote three textbooks for economics and other related schools: Mathematical Economics I, Mathematical Economics II, Financial mathematics. Together with the Doctor of Mathematics, Sead Rešić, I wrote an Introduction to Financial Mathematics, a publication in 2017 for the Faculty of Economics and other related tertiary schools.
